

Camp Jamie Day Camp

Dear Parent/Guardian,

Thank you for your interest in Camp Jamie, Day Grief Camp. Enclosed you will find an application packet for camp, which will be held on **Saturday September 24**th **2022.**

Please complete and return the entire packet by **Friday September 9th, 2022** and either bring/mail to 1 Frederick Health Way, Frederick, MD 21701 or email to griefsupport@frederick.health

We will be conducting phone interviews to help with the referral process.

Camp Jamie Day Grief Camp will be held at <u>Thorpewood Retreat Center at 12805 Mink</u> <u>Farm Rd, Thurmont, MD 21788.</u> Transportation to ThorpeWood by bus will be available. We will be asking that all bus riders arrive at our campus located at 1 Frederick Health Way by 9:00AM on Saturday, September 24th, 2022, and that all campers using private transportation arrive by 9:45AM at the main lodge at ThorpeWood.. We are requesting that all guardians then return to Thorpewood at 4:00PM to have dinner and join your camper in our memorial closing ceremony.

This one-day camp is designed to gently teach coping skills and help build self-esteem and trust. It also offers a safe, comfortable environment for children to express their grief. Through interactions with other children, adults, nature, and animals, the children experience the universality of loss and learn that they are not alone in their grief.

Licensed and trained counselors, as well as trained staff and volunteers, are part of the day camp experience, leading both large and small groups on issues such as sharing feelings, building trust, and memorializing loved ones through creative expression.

All of the participants will also experience the Equine Learning Program designed to build self-confidence, teamwork, and trust. Many other recreational activities are built into this weekend, making it a real camp experience. The children will enjoy hiking, arts and crafts specifically designed to help them in their grieving process, and making s'mores!

A day camp is just a small time frame, but we know we can truly make a difference in the life of a child in this short time period. The intention is to lay the foundation of communication, knowledge, and coping skills, upon which families can continue to build.

Please feel free to contact us at 240-566-3030 or <u>griefsupport@frederick.health</u> if you have questions.

Thank you, The Bereavement Team
